THE AMERICAN HARDWOOD EXPORT COUNCIL:

BRANCHING OUT TO SERVE YOU

The American Hardwood Export Council (AHEC) is the leading international trade association for the U.S. hardwood industry, representing the committed exporters among U.S. hardwood companies and all the major U.S. hardwood product trade associations.

AHEC's member companies service the growing global demand for U.S. hardwood and represent the full range of U.S. hardwood products including lumber, veneer, plywood, flooring, moulding, and dimension materials.

AHEC can provide the hardwood trade - importers, specifiers, users - with promotional assistance, technical information, and sources of supply for U.S. hardwoods.

U.S. hardwood producers are proud that, through careful forest management, the United States is growing more hardwood each year than it harvests, assuring reliable, long-term supplies of the finest hardwoods in the world, hardwoods from the USA.

AHEC maintains overseas offices in Japan, Europe, Hong Kong, and Mexico, all in addition to its headquarters in order to serve the needs of the global community.

Contact our offices for more information on how AHEC and U.S. hardwoods can help your business keep growing.

PROGRAMS AND SERVICES

AHEC programs are designed to provide information and services to overseas markets in support of the U.S. hardwood industry.

- **Technical information on U.S. hardwoods** - AHEC provides technical information about U.S. hardwood species and products: their applications, variety, availability, characteristics, grading, lesser known species and alternative grades. This information is provided through written materials (translated into a number of languages), audio-visual presentations, seminars and a website at <http://www.ahec.org>.
- **Promotion** - AHEC promotes American hardwoods to the overseas trade and consumers.
- **Trade fairs and exhibitions** - AHEC participates in major overseas hardwood trade fairs and exhibitions in Europe, Mexico, and Asia, and organizes media delegations.
- **AHEC membership directory** - AHEC supplies detailed contacts in the United States for the full range of hardwood species and products available throughout America.
- **Overseas offices** - AHEC services the trade through five country and regional offices in London, UK (for Europe, the Middle East & Africa / Oceania / India); Osaka, Japan; Mexico City, Mexico; Hong Kong (for China and Southeast Asia).

AHEC's programs are run through the joint efforts of the U.S. hardwood industry and the Foreign Agricultural Service (FAS) of the U.S. Department of Agriculture (USDA).

All programs are coordinated through AHEC's Headquarters:

42777 Trade West Drive
Sterling, VA 20166
Telephone: (703) 435-2900
